This opportunity would suit dancers that are just starting out and wanting to gain experience, rather than looking to earn a regular wage.

Applicants must be committed, dedicated, creative, passionate, and be willing to work hard.

Applicants do not need any experience of being a Professional Dancer, all we require is skill, passion, dedication and commitment to become a Dancer with our Crew.

Paid work upon commencement is paid at a daily rate including Holiday Pay.

Travel and accommodation costs are also covered by the Company.

We will consider any applicant that is already dancing self employed or for other providers.

ANSD have previously travelled the UK performing for Heelys Worldwide and there is a possibility of this restarting.

There is also a possibility of International and TV opportunities with this role.

Heeling experience is not essential, all Dancers will be fully trained in this area.

- The Applicant must be experienced and at an Intermediate / Advanced Level in at least one of the above dance styles.
- Dancers will be trained on Heelys should any paid work commence.
- This is a very demanding position with deadlines for projects, competitions and shows
- Applicants must be reliable, organised, professional, dedicated, committed, passionate and creative.

Our casual dancers are employed, all insurances and licenses are covered by the company. Wages are paid on a monthly basis.

Short listed Applicants will be invited to the studio to take part in a training session and if successful will need to be available to attend training weekly on:
